So the Journal was approved.

The result of the vote was announced as above recorded.

REQUEST TO CONSIDER H.R. 962, BORN-ALIVE ABORTION SURVIVORS PROTECTION ACT

Mr. DAVID P. ROE of Tennessee. Mr. Speaker, I ask unanimous consent that the Committee on the Judiciary be discharged from further consideration of H.R. 962, the Born-Alive Abortion Survivors Protection Act, and ask for its immediate consideration in the House.

The SPEAKER pro tempore. Under guidelines consistently issued by successive Speakers, as recorded in section 956 of the House Rules and Manual, the Chair is constrained not to entertain the request unless it has been cleared by the bipartisan floor and committee leaderships.

Mr. DAVID P. ROE of Tennessee. Mr. Speaker, if this unanimous consent request cannot be entertained, I urge the Speaker and the majority leader to immediately schedule the Born Alive bill, so we can stand up and protect the—

The SPEAKER pro tempore. The gentleman is not recognized for debate.

HOOR OF MEETING ON TOMORROW

Mr. PAYNE. Mr. Speaker, I ask unanimous consent that when the House adjourns today, it adjourn to meet at 9 a.m. tomorrow.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

ALZHEIMER'S IS A PUBLIC HEALTH CRISIS

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Mr. Speaker, Alzheimer's is a public health crisis. It is fitting that today, the second day of

National Public Health Week, the Alzheimer's Association held their annual Day on the Hill. That is why I am wearing purple, to help raise awareness about Alzheimer's.

Someone new develops Alzheimer's every 65 seconds in the United States. The cost of caring for those with Alzheimer's and other dementias is around \$290 billion a year in the United States. That cost is only going to get higher.

In New Jersey alone, there are 180,000 people over the age of 65 who suffer from Alzheimer's. Each year, nearly 3,000 of them die from Alzheimer's.

Mr. Speaker, I ask that my colleagues join me to raise awareness on Alzheimer's. But raising awareness is not enough. We need to increase research funding, commit to a public health response to Alzheimer's, and support Alzheimer's planning and care services under Medicare.

RECOGNIZING WORLD AUTISM AWARENESS DAY AND WORLD AUTISM MONTH

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today, on World Autism Day, to recognize and support all children or adults with autism spectrum disorder.

In 2018, an estimated 1 in 59 children in the United States was diagnosed with some form of autism spectrum disorder. Notwithstanding these diagnoses, Americans with autism make exceptional contributions across our Nation and around the world.

Each April Autism Speaks celebrates the start of its signature campaign, Light It Up Blue. Light It Up Blue is a unique global campaign to increase understanding and acceptance for people with autism.

Today we celebrate World Autism Awareness Day, and this month is World Autism Month.

Mr. Speaker, let's renew our commitment to support the entire international autism community, including children and adults with autism, their families, and caregivers.

Together, we can increase access to information, encourage heightened understanding of autism, promote respect and dignity, and support the services that assist people with autism to reach their full potential.

RELEASE PETER BIAR AJAK AND ALL OTHER POLITICAL PRISONERS IN SOUTH SUDAN

(Ms. DEAN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. DEAN. Mr. Speaker, I rise today to speak, once again, about Peter Biar Ajak, a renowned peace activist unlawfully detained in South Sudan.

In July of 2018, Peter was arrested by South Sudan's security forces. He has
